To have a better chance of being successful as a postal bidder we recommend setting a limit for the total amount of your purchases (excl. 20% buyers premium): for example, bidding on a range of lots with a total amount of CHF 10'000 and setting a limit of CHF 7'500 for your purchases means that the total for lots knocked down to you will not exceed the limit you have set. We know from experience that postal bidders are rarely successful on all lots. On the other hand, you might have been interested in other lots as well, but not knowing which lots would be knocked down to you and being worried to spend more than a certain amount, you did not bid on them. Giving a total purchase limit (see also the Bid Form in this catalogue) enables you to have a better chance of being a more successful postal bidder!

Peter A.S. Smith

Corinphila are delighted to offer the final portion of the Peter Smith collections with some fine Egypt material from stockbooks Peter was endeavouring to mount on to album pages, and a copy of his famous work 'Egypt Stamps & Postal History - A Philatelic Treatise'. This is offered together with Peter's outstanding collection of World Wide Postage Due usages on covers which will be found throughout this catalogue.

The Postage Due collection specialises in the use of Postage Due stamps themselves rather than early stampless or manuscript taxed usages, the collection being an attempt to 'get' each and every country's Postage Dues on a cover, whether it be from Albania or Gilbert & Ellice Islands or Macau or Saudi Arabia or Zanzibar, we feel sure you will find something to interest you within these pages.

LIBERTE RÉPUBLIQUE FRANÇAISE. EGALITE FRANÇAISE.

Au quartier-général d'Alexandrie, le 15 thermidor an 7 de la république française, une et indivisible.

ALEXANDRE BERTHIER au Général de Division DUGUA.

LE fort d'Abou-Qyr a tenu depuis le jour de la bataille, 7 de ce mois, jusqu'au 14 à midi où il s'est rendu après avoir été constamment canonné par huit pièces de vingt-quatre et sept mortiers.

Nous y trouvons environ trois mille Turks rendus prisonniers, parmi lesquels se trouve le fils de Mustapha pacha, commandant en chef, que nous avons déjà en notre pouvoir : huit cens blessés sont dans le fort. Ainsi l'armée Turke, forte de quinze mille hommes, est détruite : *tué, noyé* ou *prisonnier*, pas un homme n'a échappé.

Répandez cette bonne nouvelle.

Je vous embrasse.

ALEXANDRE BERTHIER.

AU KAIRE, DE L'IMPRIMERIE NATIONALE.

Louis Alexandre Berthier

871	**Napoleonic Campaign** 1799 (July 2): Printed "Alexander Berthier au Général Division DUGUA" letter 'Au quartier-général d'Alexandrie, le 15 thermidor an 7', interesting war report concerning the battle at *Fort d'Abou-Qyr* against Turkish troups mentioning '*trois milles Turks rendus prisonniers, parmi lesquels se trouve le fils de Mustapha pacha, commandant en chef*' printed '*Au Kaire, de l'Imprimerie Nationale*'. The 'Asafia' collection of Hyderabad

Some biographical notes from the collector

Right up to the present day, philately has been and is a constant companion of my life, in different collecting areas.

As a youngster it was the stamps of my homeland' this was understandable, because I inherited in my youth the collection of my father, who died in 1947. As a boy I was interested in the 'exotic' stamps of foreign countries, especially those of Africa and Asia. Stimulated by various visits to the United Kingdom, I restricted my collecting areas to the British colonies of these two continents. But I soon realised that I was overwhelmed, not only financially, but also for example with the time involved.

My first stay in India, for two months in 1962, impressed me so much that I began to take a particular interest in Indian philately and postal history. Stimulated by many personal encounters and its particular history, I regularly visited the state of Hyderabad and got to know some well-known Hyderabad philatelists, who supported me with their knowledge and experience. These interactions, the direct contacts with the people, the history, the culture and the landscapes were the basic pillars of my collecting passion.

At that time, yet another fact was fascinating to me, perhaps insignificant to others: with the exception of SG 53 (Victory 1945) the name "Hyderabad“ did not appear on any stamp of the State. In Urdu it was called „Sarkar-i-Asafia" (State of the Successors of Asaf), which is why I also gave my collection the name of the 'Asafia' collection.

I had regular opportunities to visit Hyderabad till the early 1980s. This phase in my life came to its end with my marriage and the birth of our two sons. I no longer travelled to India and stopped collecting Hyderabad.

With my new lifestyle, I began the next period of my philatelic life.

Just four years ago, now retired, I began to occupy myself again with my Hyderabad collection. For 20 years of my life Hyderabad accompanied me. It was a satisfying and important part of my life, which I now revisited; I revelled in the memories of my many Indian friends and interesting conversations. It was the time for saying goodbye.

It was a departure from Hyderabad, but not from philately, because the postage rates of my homeland between 1900 and 1922 accompany me today.

Hyderabad

also known as 'Sarkar-i-Asafia', State of the Successors of Asaf

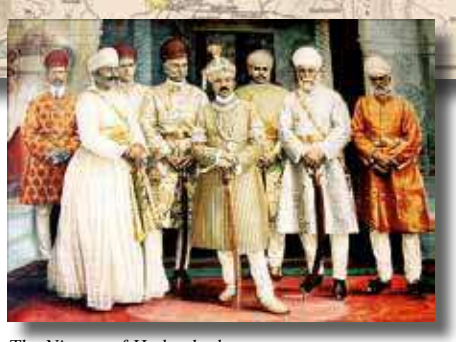
Chin Qulich Khan Asaf Jah I Mir Qamaruddin Siddiqi, who was granted the title Nizam-ul-Mulk ('Governor of the country') by the Mughal emperor

In 1724 Asif Jah I, a Mughal viceroy, declared his sovereignty and formed the Asif Jahi Dynasty, also known as the Nizams of Hyderabad. The rule of the seven Nizams saw the growth of Hyderabad both culturally and economically. Hyderabad became the formal capital of the kingdom and Golconda, the former capital, was all but abandoned.

Hyderabad, under the Nizams, was the largest princely state in India, with an area larger than England, Scotland and Wales combined. It was considered the "senior-most" princely-state, and within the elaborate protocols of the Raj, its ruler the Nizam was accorded a 21-gun salute. The State had its own currency, mint, railways, and postal system.

The Nizams ruled the princely state of Hyderabad for more than two centuries, under subsidiary alliance with the British Raj. The city remained the princely state's capital from 1769 to 1948, when the Nizam signed an Instrument of Accession with the Indian Union following Operation polo.

On November 1, 1956, the states of India were reorganized on linguistic grounds. Consequently, the terrorities of the State of Hyderabad were divided between newly created Andhra Pradesh, Bombay state (later Maharashtra), and Karnataka. Hyderabad and the surrounding areas were annexed into India, and later to Andhra Pradesh based on Telugu linguistic majority, and Hyderabad became the capital of the new state of Andhra Pradesh.



The Nizams of Hyderabad

Hyderabad is located on the banks of the Musi River in the Deccan Plateau in Southern India. The city today has an area of 650 square kilometres and a population of 6.8 million, and the metropolitan area contains 7.7 million residents, making it the fourth most populous city and the sixth most populous urban agglomeration in India.
