4386	1847 (April 16): Lady McLeod (5 c.) blue, an unused example in a vibrant deep shade with huge margins all round for this stamp, merest ironed wrinkle on reverse mentioned solely for accuracy and in no way detracting from the marvellous appearance of this beautiful stamp. Without gum and washed to remove the Ferrari trefoil. Stamp #M2 in the census, illustrated in "Trinidad, A Philatelic History" on page 252. Sublime and exceptional, in this describer's opinion the finest known example. Cert. RPSL (2001) Gb = £ 35'000. *Note: This is the first stamp issued to prepay postage in the British Commonwealth and, except for the printing process (evidently by lithography from an original engraving) is in exactly the same size and format as the 1840 1 d. black.* *Note: It is possible that 500, maybe 1'000 examples were printed. At the present time students of the issue have recorded 90 stamps in varying condition either on or off cover.* *Provenance: Collection Philipp von Ferrary, Druout, Paris, sale 10,* *18-20 June 1924, lot 636.*	1	(*)	**20'000**	*(€ 18'800)*

To have a better chance of being successful as a postal bidder we recommend setting a limit for the total amount of your purchases (excl. 20% buyers premium): for example, bidding on a range of lots with a total amount of CHF 10'000 and setting a limit of CHF 7'500 for your purchases means that the total for lots knocked down to you will not exceed the limit you have set. We know from experience that postal bidders are rarely successful on all lots. On the other hand, you might have been interested in other lots as well, but not knowing which lots would be knocked down to you and being worried to spend more than a certain amount, you did not bid on them. Giving a total purchase limit (see also the Bid Form in this catalogue) enables you to have a better chance of being a more successful postal bidder!

5694 1871 (Feb 6): Cover front from Macau to the Chief Postmaster in Lisbon with private handstamp *'Via Gibraltar'* at top, franked by 1863/71 96 c. brownish-grey with a staggering 31 examples cancelled by thirty-three strikes of the"B62" obliterator in black. Superb strike of **"🖷 /** PAGO / EM / MACAO" in black (Frazao MAC/PPS, see also the Gibbons footnote) alongside single ring datestamp MACAO (Feb 6, code B) in black and Gibraltar cds above of arrival (March 19). Red manuscript *'£6.8.0'* also at base; one or two stamps with faults but insignificant compared to the rarity of the franking - larger even than the Burghard and Canman examples illustrated on plate 61 in Webb's "Treaty Ports'. A sensational item, just the three fronts with these high frankings are recorded: illustrated in Frazao "'Pre-Filatelia Portuguesa" on page 239. An item for the connoisseur of both Hong Kong and Macau Postal History.

To have a better chance of being successful as a postal bidder we recommend setting a limit for the total amount of your purchases (excl. 20% buyers premium): for example, bidding on a range of lots with a total amount of CHF 10'000 and setting a limit of CHF 7'500 for your purchases means that the total for lots knocked down to you will not exceed the limit you have set. We know from experience that postal bidders are rarely successful on all lots. On the other hand, you might have been interested in other lots as well, but not knowing which lots would be knocked down to you and being worried to spend more than a certain amount, you did not bid on them. Giving a total purchase limit (see also the Bid Form in this catalogue) enables you to have a better chance of being a more successful postal bidder!

HMS 'Beagle'

Vice Admiral Robert FitzRoy

John Lort Stokes

		Gibbons	Start price in CHF	Start price approx. €

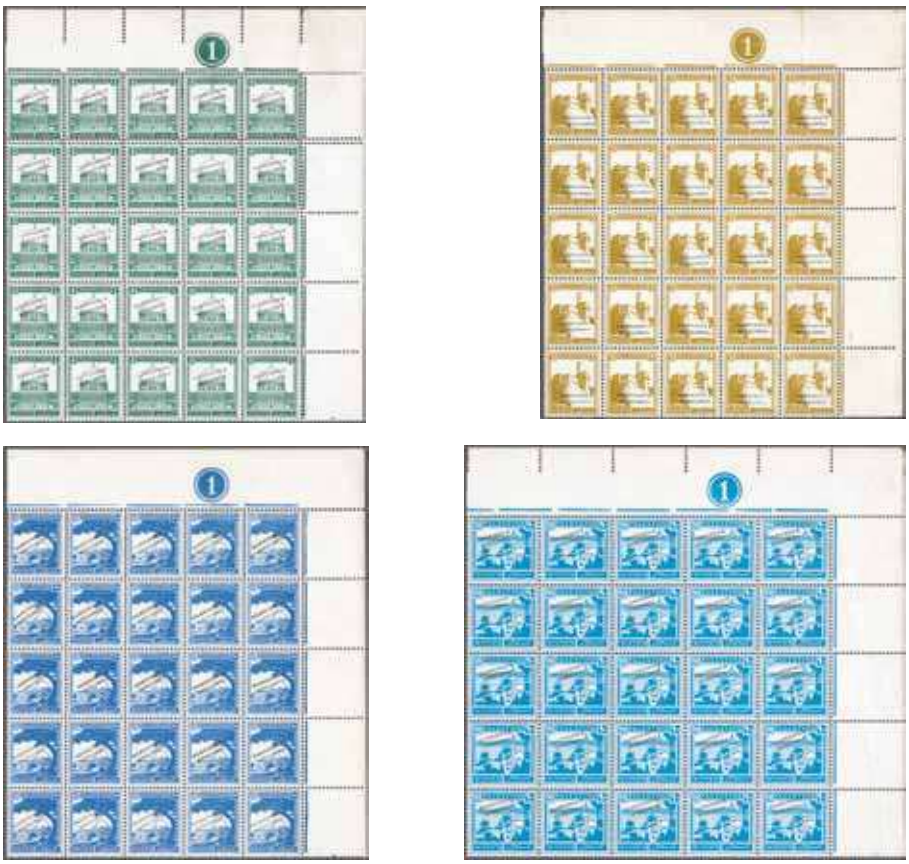

501 1847 (July 7th): Autograph double rate letter with full content written by Robert FitzRoy (1805-1865) to John Lort Stokes, bearing vertical pair of Great Britain 1 d. red-brown on blued, tied by "53" numeral obliterator of Bath, reverse with Bath despatch and Haverfordwest arrival cds's.
Vice Admiral Robert FitzRoy writes to his successor as Captain of the '*Beagle*' to congratulate him on his appointment as surveyor of New Zealand: 'Probabely the New Zealand Company now in the ascendant -- and Lord Grey their patron -- have been urging the Admirality to add increased éclat to their colonising operations .. you know as well as anyone how valuable a good survey of those islands would be -- and I know well how much it is required', continuing with an affecionate suggestion that Stokes should accept. 'I am writing to you my dear Stokes -- as a bald headed old man -- not as the once enthusiastic and extravagant Commander of the Beagle'; FritzRoy adds that he himself is now seeking a more active role, and comments on Grey's likely reaction, that 'he will be disappointed and thwarted by late arrangements .. that he will retire with flying colours'.
Stokes served with FitzRoy accompanied by Charles Darwin in 1831 when HMS Beagle was surveying the Falklands and the east coast of South America. In 1841, Stokes suceeded Wickam in the command of HMS Beagle whilst surveying the Sewan River and part of the north coast of Australia, returning to England in 1843. From 1847 to 1853 Captain Stokes made a detailed survey of the west coast of New Zealand in command of HMS Acheron.
FitzRoy's service as governor of New Zealand, 1843-1845, was dominated by the land purchase question, in which he was considered to favour the Maori interests too much, and by disputes over his financial policy, which aroused the opposition of the New Zealand Company.
An important historic item related to the journeys of the HMS Beagle and the early years of colonialisation of New Zealand.

516	**Provisional Issue** 1861 (April 12): Woodblock 4 d. (deep) bright blue on laid paper (Gi 14c, BPA cert. 1990) or Woodblock 4 d. blue on laid paper (Gi 14d, cert. RPSL (2019), an unused example with large margins all round and close but well clear at lower right, of fine impression (almost over-inked) and in an astonishing rich colour, tiny thin spot on the top of 'G' of GOOD mentioned for absolute accuracy and not impinging on the appearance in any way; fresh and very fine, unused without gum. This example originally turned up in a general collection in the early 1960's, found by Robin Taylor of London & Brighton Auctions which he ran with Ted Proud, it remained in his estate until 1990. The BPA certificate issued in 1990 states "deep bright blue" Gi 14c = £ 120'000. However, when sold in our 2019 auction with this description, the stamp was then submitted by Corinphila on behalf of the buyer to the Royal Philatelic Society in London who issued a certificate (September, 2019) stating 'blue' Gi 14d = £ 32'000 and thus also a very rare stamp in unused condition and stating 'light surface soiling' which is imperceptible even under magnification. Neither certificate mentions the minute thin spot on the top of the 'G' referred to in our original description. The stamp is therefore, with our thanks to the owner, re-offered on its merits, with both the conflicting certificates which can be seen on our internet site.	14c or 14d	(*)	**10'000**	*(€ 9'400)*

A superb and most unusual cover. *Note: The cover is with full contents and written between 17 and 25 June 1881 by Captain Charles Frederick Cobbe Beresford of the Royal Engineers en route from Potchefstroom to Newcastle. Begun at Loop Spruit on the 17th he states "We are (on) the first stage of our march back from Potchefstroom, bag and baggage. The whole thing is the most ignominious farce... The fort and trenches the English held outside the town were very interesting, they made a capital defence and one of the most active was the lady wife of one of the Officers - they were surrounded on all sides by Boer trenches and under fire night and day and reduced to one bag of mealies when they gave in to the villain Cronje who never told them peace was (already) made...". He goes on to report of hunting buck and the appalling treatment of the bullocks used to pull the wagons.* *Provenance: Collection Dr. Alan Drysdall, Spink, London, 1 March 2006, lot 1309 (contrary to Spink's description, not ex the David Crocker collection).*	136+ 137	✉	**500**	*(€ 470)*

558 1859: Official cover and complete original contents from the Admiralty Office in London addressed to ***"Dr. Livingstone, Zambesi Expedition, Central Africa"*** and endorsed *"Admiralty 19 Nov, 1859"* at lower left and "*To be forwarded by first opportunity"* at top, written by Admiral Washington who was supervising the construction of the *"Pioneer"* steamer for Livingstone's use. This letter further states *"I hope this (the "Pioneer") will leave England on April 1...and she will arrive in Tete"*. It is probable this letter was received by Dr. Livingstone in Tete or at Quelimane. Some staining as to be expected but a rare cover to this extraordinary expedition, one result of this trip being the later publication of *"Narrative of an Expedition to the Zambesi and Its Tributaries"* where he first recounted the use of quinine to combat Malaria.
Note :The letter mentions that the proposed vessel would be 100 feet in length with a 14 ft. beam and a draft of just 3 foot with a guaranteed speed of 10 knots. The "Pioneer" eventually arrived from England on 31 January 1861 but the draft of 3 feet, perfect for river use was increased to 5 feet in order for the vessel to arrive by sea: thus she was not quite the vessel required when delivered.

7080 ✉ **Croce di S. Andrea** 1852 (Apr. 17): Carta a mano 5 c. yellow ochre type I in a horizontal strip of three with **complete St. Andrew's Cross at right of the stamp** with fresh colour and large margins all round, cancelled by two strikes of two line „PADOVA / 17 APRe" datestamp on small entire letter to Venice, reverse with Venezia (18 APR.) arrival datestamp. The two left stamps show a thin on reverse just mentioned for accuracy, without any importance for this item presenting the only 5 c. with St. Andrew's Crosses on cover.
Only four combinations of 5 c. definitives with complete St. Andrew's Crosses had been known in the past including two single stamps with one Cross attached at base and at right, respectively from the collection of Alphonse de Rothschild, a strip of three with two Crosses attached at right ex Ferrari and Caspary and the item offered here ex Rivolta and Mondolfo being the **only 5 c. with complete St. Andrew's Crosses on cover**. A unique and extremely desirable cover for a connoisseur's collection of Lombardo-Veneto or the Old Italian States.
Described in the census of Dr. Jerger in „Allgemeine und besondere Frankaturen' (1983) and the one of Greg Todd (2004), illustrated in „Il Risorgimento Italiano ..." by Unione Filatelica Lombardia (1992) on page 99.

783	**Nicht verausgabter Wert** 1850: 12 Kr. blau, ein farbfrisches Kabinettstück, zartklar und diagonal voll aufgesetzt entw. mit Versuchsabstempelung "*Franco*". Im Februar 1850 hatte die Österreichische Staatsdruckerei den Druckauftrag für die ersten Freimarken von Österreich und der Lombardei-Venetien erhalten, der auch 1 Millionen Stück der 12 Kreuzer und 500'000 Stück der 60 Centesimi für das Porto für Briefe über 20 österreichische Meilen enthielt. Kaum war der gesamte Druckauftrag ausgeliefert, wurde im Vertrag zum Deutsch-Österreichischen Postvertrag ein Porto von 9 Kreuzern für den dritten Briefkreis festgelegt. Damit war der Nachdruck von blauen 9 Kreuzer / 45 Centesimi - Freimarken nötig geworden, während fast die gesamte Auflage der unnötig gewordenen 12 Kreuzer / 60 Centesimi - Marken am 3. Juni 1850 vernichtet wurde. Von der 60 Centesimi-Marke kennt man heute kein einziges Stück, während je nach Quelle sieben oder acht Werte der 12 Kreuzer-Freimarke existieren. Dr. Jerger nennt in seinem Artikel "Die erste österreichische Briefmarkenausgabe vom 1. Juni 1850" in der Festschrift zum 125. Jahrestag der österreichischen Briefmarke (1975) sieben bekannte Stücke, vier mit der Franco-Versuchsabstempelung, weitere zwei mit Federzugentwertung und ein ungebrauchtes Stück mit chemisch entfernter handschriftlicher '9' über der '12'. Auch Huber & Wessely (1976) nennen diese sieben Stück. Im Ferchenbauer-Handbuch ist von einigen Stücken mit Franco-Entwertung die Rede, während Ferchenbauer in der Beschreibung der Sammlung Peter Zgonc von fünf Stücken mit Franco-Entwertung spricht. Dem Beschreiber sind auch fünf Stücke mit *Franco*-Stempel bekannt, eines ex Mercury Auction (27.10.1947, Los Nr. 14), eines ex Rothschild, Oberländer & Mondolfo, das im Ferchenbauer-Handbuch auf S. 250 abgebildete Stück, das Stück aus der Sammlung von Peter Zgonc und das vorliegende Stück ex Kirchner. Eine Rarität ersten Ranges der klassischen österreichischen und europäischen Philatelie, für eine ganz grosse Sammlung, attraktiv und zugleich ungemein bedeutend aus der Sicht des traditionellen Philatelisten wie auch des Postgeschichtlers. Der erste Steckbrief des Anzeigers wurde besonders hervorgehoben, da der Name 'Einer Johann' und 'Revierförster' mit Tinte unterstrichen wurde und ganz oben auf dem Blatt mit gleicher Tinte "*Weiner Johann nicht zu übersehen*" notiert wurde.
Die Stempelgebühr für Anschlagszettel bis 180 Quadratzoll betrug einen halben Kreuzer, darüber einen ganzen Kreuzer. Der Anschlag des vorliegenden achtseitigen Polizei-Anzeigers betrug mehr als 180 Quadratzoll. Die anfallende Ankündigungs-Stempelgebühr von einem Kreuzer wurde mit einem Drittel einer 3 Kreuzer-Freimarke beglichen. Derartige Verwendungen von Freimarken, auch geteilt ist vor der Herausgabe entsprechender Stempelmarken am 1. November 1854 mehrfach bekannt. Type, Farbe und Papier der geteilten Briefmarke auf der Ankündigung entsprechen jenen 3 Kreuzer - Freimarken, die Mitte 1852 verwendet wurden.
Laut Jerger und Ferchenbauer sind vier Verwendungen einer halbierten 1 Kreuzer-Freimarke anstelle einer ½ Kreuzer-Signette bekannt, das vorliegende Stück wird nicht erwähnt. Das Ferchenbauer-Handbuch Band I beschäftigt sich auf den Seiten 437/38 mit diesem Thema, Dr. Jerger - Mischfrankaturen auf den Seiten 94ff. Umfangreiches Attest Puschmann (2000)
Ferchenbauer = EUR 45'000 für die 'häufigeren' Halbierungen der 1 Kreuzer-Freimarke.

821	1851: Zeitungsmarke 'Gelber Merkur' (6 Kr.) braunorange Type Ib, farbfr. und dreiseitig lupen- bis engvollrandig (rechts oben etwas angeschnitten), rückseitig mit Spuren der ursprünglichen Gummikraquelles, kräftig entw. mit flächigem Abschlag des schwarzen Einkreisers "GEMON(A) 4. ..." sowie des Doppelkreisers "DISTRI(BUZIONE) 1". Distributions-Stempel sind ziemlich selten und bisher fast ausschliesslich auf den frühen Typen I und II bekannt geworden, sodass es auch ziemlich wahrscheinlich ist, dass dieser gelbe Merkur nicht allein wegen seiner Verwendung in der Lombardei, sondern auch wegen des dadurch ziemlich sicheren Gebrauchs als 30-Centesimi-Wert und nicht als 3-Centesimi-Aufbrauchmarke eine besondere Seltenheit darstellt ! To have a better chance of being successful as a postal bidder we recommend setting a limit for the total amount of your purchases (excl. 20% buyers premium): for example, bidding on a range of lots with a total amount of CHF 10'000 and setting a limit of CHF 7'500 for your purchases means that the total for lots knocked down to you will not exceed the limit you have set. We know from experience that postal bidders are rarely successful on all lots. On the other hand, you might have been interested in other lots as well, but not knowing which lots would be knocked down to you and being worried to spend more than a certain amount, you did not bid on them. Giving a total purchase limit (see also the Bid Form in this catalogue) enables you to have a better chance of being a more successful postal bidder!

2138A	1893 (March 16): Stationery wrapper Rivadavia 2 cts. green (Higgins & Gage 17), cancelled by Buenos Aires cds, sent from the newspaper 'El Diario' to Julio Popper at the premises of the well-known Wehrhahn company in Punta Arenas in Patagonia, Chile. The Wehrhahn company was established in 1885 , the oldest one in Tierra del Fuego and owner of the concession for large parts of that region. The lot includes another 1892 wrapper from 'El Diario' to Anvers, Belgium and an extensive write-up related to the Wehrhahn company and Punta Arenas. *Note: The receiver Julio Popper (1857 – 1893) was a Romanian-born Argentine engineer, adventurer and explorer. Known as a modern "conquistador" of Tierra del Fuego in southern South America, he was a controversial and influential figure. He arrived in Argentina in 1885, where he became attracted by the possibility of gold mining in Tierra del Fuego. In 1886 he received a permit from the Argentine Government to form an exploration company to mine for gold near San Sebastián. On September 7, he found gold dust on the beach of El Páramo, in San Sebastián Bay. The expedition was rigorously and strictly enforced according to military standards with heavily armed men, with Popper in direct command of everything. Popper succeeded in unearthing large amounts of gold and his Compania de Lavaderos de Oro del Sud realized enormous capital gains on the Argentine stock exchange. A mint built to manage the gold has been adapted as the Museum at the End of the Earth, officially known as the Museo Territorial. In Patagonia, Popper maintained dominance with his private army. He issued his own coins and stamps to symbolize his power.*		✉	**500**	*(€ 470)*

2172	Correo Semanal del Dorado 1868/70: Collection on five sheets, well written up, incl. two covers, five blocks of four, a pair and two singles. The two covers of July and November 1870 were sent from the Laguna de Siecha in the Guasca district, both directed from Geo Crowther to Enrique Urdaneta in Bogota and each bearing a single private post adhesive of 1 real, tied by handwritten 'G', standing probably for Guasca. The blocks of four, three of them in tête-bêche configuration, and the other adhesives show the diversity of papers used for printing with thin bluish, white vertically laid and ordinary thick papers, as any available piece of paper was used. A rarely seen offer of this elusive issue including several items described in Bortfeld, Private Mail Carriers of Colombia on pages 59-68. There are only about ten covers known from this private mail carrier. *Note: It was believed that in the Siecha Lake (in the Guasca municipality of the Cundinamarca Department), a difficult to access lagoon at an altitude of more than 3,000 metres, the Muisca people had hidden from the Spaniards the legendary El Dorado treasure. A Colombian citizen, Enrique Urdaneta partnered with the English engineer George Crowther and acquired in 1866 the shares that enabled them to drain the lake. As communication was difficult due to geographical reasons, a private carrier service was established in 1868. This first Colombian private carrier provided a weekly mail service of El Dorado, which transported mail from the Siecha lagoon to Bogota, which lasted to 1870. Adhesives were created, a cliché was cut, the value of postage stamps was set to 1 real (10 centavos de peso) and printed on various available papers. There are only about ten covers known. The November cover being part of this lot is thought to be the last one sent. Two days later Crowther and twelve coworkers died in a tunnel which brought the whole project to an end.* *(Photo = 447)*			**7'000**	*(€ 6'580)*

Mehrwertsteuer Schweiz (MWST)
Swiss Value Added Tax (VAT)
Taxe à la valeur ajoutée suisse (TVA)

Alle in unseren Auktionskatalogen angebotenen Lose unterliegen der gesetzlichen Schweizer Mehrwertsteur (MWST). Auf den Gesamtbetrag der Auktionsfaktura werden 7,7% MWST berechnet: auf alle Zuschläge plus Aufgeld, sowie auf Porto & Versandkosten, sofern die Lose durch Corinphila Auktionen AG versendet werden.

All auction lots offered in our catalogues are subject to 7.7% Swiss Value Added Tax (VAT). The VAT of 7.7% will be added to the auction invoice: on the total of hammer price(s) plus buyers commission, as well as on handling & shipping fees if they apply.

Tous les lots proposés à nos ventes sont soumis à la TVA suisse. Celle-ci se monte à 7,7% et sera calculée sur le montant total de la facture (prix réalisé + commission + port éventuel).

Exemption of the Swiss Value Added Tax (VAT) if lots are exported by Corinphila
Exemption de la TVA en cas d'exportation des lots par Corinphila

Nur Lose, die mit offiziellen Zolldokumenten direkt durch Corinphila Auktionen AG nach Ländern ausserhalb der Schweiz versendet werden, sind von der Schweizer Mehrwertsteuer befreit: in diesem Falle werden die Auktionsfakturen ohne 7,7% MWST ausgestellt.

Only lots sent with official export documents by Corinphila Auktionen AG to countries outside of Switzerland are exempt from Swiss VAT: these invoices will be issued without 7.7% Swiss Value Added Tax (VAT).

La TVA suisse de 7,7% sera exemptée sur les lots exportés officiellement par Corinphila avec les papiers d'exportation correspondant au montant de la facture.

Refund of the Swiss Value Added Tax (VAT) if lots are exported personally by the buyer
Remboursement de la TVA suisse en cas d'exportation personnelle par l'acheteur

Werden die Lose durch den Käufer persönlich exportiert und aus der Schweiz ausgeführt, dann wird die Auktionsfaktura mit 7,7% MWST ausgestellt. Beim Verlassen der Schweiz muss der Käufer die Lose zusammen mit der Auktionsfaktura und den Exportdokumenten bei den Schweizer Zollbehörden deklarieren. Die Rückerstattung der MWST (7,7%) durch Corinphila Auktionen AG erfolgt ausschliesslich nach Erhalt der durch die Schweizer Zollbehörden beglaubigten Exportdokumente.

If the buyer wants to export the purchased lots personally, the invoice will be issued with 7.7% Swiss Value Added Tax (VAT). When leaving Switzerland the buyer must declare the auction lots together with the invoice and the export documents to Swiss customs authorities. Corinphila Auktionen AG will refund the previously added Swiss VAT only upon presentation of the export documents officially approved by Swiss customs authorities.

En cas d'exportation personnelle des lots par l'acheteur la facture la TVA suisse de 7,7% sur le montant total. La TVA ne sera remboursée que si l'acheteur avant de quitter le territoire se rend à la douane suisse avec la facture, les lots et les papiers d'exportation afin de les faire valider. Seulement à réception de ceux-ci Corinphila Auktionen AG pourra alors rembourser la TVA à l'acheteur.

Qualitäts- und Echtheitsbeanstandungen an Einzellosen sind von persönlich anwesenden Käufern sofort vorzubringen; schriftliche Bieter haben Beanstandungen für Einzellose innerhalb 3 Tagen nach Erhalt der Ware schriftlich zu übermitteln.
Bei Sammlungen oder Sammellosen, welche zwei oder mehr nicht einzeln beschriebene Marken enthalten, sind Qualitäts- und Echtheitsbeanstandungen ausgeschlossen. Das Beanstandungsrecht erlischt auch dann, wenn Marken nicht im Originalzustand zurückgegeben oder nachträglich vom Käufer verändert werden; unter Vorbehalt des Anbringens von Prüfzeichen eines für Irrtümer haftenden Prüfers.

4. Der Versteigerer haftet für die Echtheit der verkauften Einzellose während 5 Jahren. Ausgeschlossen ist die Haftung für Sammlungen und Sammellose, welche zwei oder mehr nicht einzeln beschriebene Marken enthalten - diese Lose sind ausdrücklich von jeglicher Reklamation ausgeschlossen. Bei Einzellosen, die von einem Experten mit einem Attest versehen sind, gilt mit Abgabe eines Gebotes dieses Attest als massgeblich anerkannt und ist insoweit eine Haftung des Versteigerers ausgeschlossen. Wünscht ein Bieter die Abgabe eines Gebotes auf ein Einzellos unter Vorbehalt (extension), muss dies dem Versteigerer mindestens 24 Stunden vor der Auktion schriftlich bekanntgegeben werden; anzugeben sind die Gründe für den Vorbehalt und von welchem Experten (dem der Auktionator zustimmen muss) eine Stellungnahme gewünscht wird. Vorbehalte gegenüber einem bestehenden Attest können normalerweise nur in Bezug auf Echtheit oder Klassifizierung gemacht werden; wird ein Zuschlag unter Vorbehalt aus Gründen gewünscht, die Erhaltung bzw. Zustand des Loses betreffen, entscheidet der Auktionator im Namen des Einlieferers darüber vor der Auktion. Der Auktionator behält sich das Recht vor, Gebote unter Vorbehalt zu streichen, wenn seiner Meinung nach das Los nicht der im Antrag auf Vorbehalt gemachten Beschreibung entspricht. Vorbehalte müssen bis spätestens 20 Tage nach Abschluss der Auktion geklärt sein, danach verfällt das Recht auf Rückgabe. Auf Sammlungen oder Sammellose mit zwei oder mehr nicht einzeln beschriebenen Marken wird kein Vorbehalt gewährt. Alle Kosten für die Stellungnahme des/der Experten im Zusammenhang der mit Vorbehalt bebotenen Lose gehen zu Lasten des Bieters.

5. Den Zuschlag erhält der Meistbietende nach dreimaligem Aufruf. Auf den Zuschlagpreis hat der Käufer ein Aufgeld von 22% zu entrichten. Ein Bieter bleibt an das abgegebene Gebot gebunden, wenn ein nachfolgendes Übergebot ungültig ist oder vom Versteigerer zurückgewiesen wird.

6. Die Mindeststeigerungsstufen betragen:

		bis CHF	200	= CHF	10
von CHF	200	bis CHF	500	= CHF	20
von CHF	500	bis CHF	1’000	= CHF	50
von CHF	1’000	bis CHF	2’000	= CHF	100
von CHF	2’000	bis CHF	5’000	= CHF	200
von CHF	5’000	bis CHF	15’000	= CHF	500
von CHF	15’000	bis CHF	30’000	= CHF	1’000
von CHF	30’000	bis CHF	50’000	= CHF	2’000
von CHF	50’000	bis CHF	150’000	= CHF	5’000
		ab CHF	150’000	= CHF	10’000

Ausrufpreise, Gebote, Zuschläge und Rechnungsstellung ausschliesslich in Schweizer Franken (CHF).
Die im Katalog angegebenen Ausrufpeise in Euro (EUR) haben nur informativen Charakter.

7. Schriftliche Gebote werden, soweit sie höher liegen als das beste Gebot eines anwesenden Bieters, interessewahrend und gewissenhaft, aber ohne Gewähr ausgeführt. Schriftliche Gebote, welche uns später als 2 Stunden vor Beginn der jeweiligen Auktionsession erreichen, können unter Umständen nicht mehr bearbeitet werden. Liegen zwei oder mehr gleichlautende Gebote vor, bekommt das zuerst eingegangene Gebot den Zuschlag. In Zweifelsfällen, bei Streitigkeiten oder Missverständnissen erfolgt ein nochmaliger Ausruf. Den Entscheid darüber trifft die mitwirkende Behörde.

8. Mit dem Zuschlag kommt zwischen dem Versteigerer und dem Bieter, der den Zuschlag erhält, ein Kaufvertrag zustande, der zur Abnahme verpflichtet. Mit dem Zuschlag geht die Gefahr der Sache auf den Käufer über; der Eigentumsübergang erfolgt hingegen erst mit der vollen Zahlung des Kaufpreises.

9. Der Zuschlag erfolgt in Schweizer Franken (CHF). Fremdwährungen werden im Betrage der durch eine Schweizer Grossbank getätigten Gutschrift anerkannt; eventuelle Kursdifferenzen werden dem Käufer in Rechnung gestellt. Die schweizerische Mehrwertsteuer (MwSt) von 7,7% wird zum Zuschlagspreis inkl. 22% Aufgeld hinzugerechnet. Die MwSt entfällt für Käufer aus dem Ausland mit rechtsgültiger, direkter Ausfuhrdeklaration; Käufern aus dem Ausland, welche die Ware persönlich exportieren, wird die in Rechnung gestellte MwSt nach Vorlage der amtlichen Ausfuhrdeklaration zurückvergütet.

10. Die Bezahlung der ersteigerten Lose hat grundsätzlich am Auktionstag zu erfolgen, sofern der Versteigerer nicht eine 5tägige Zahlungsfrist einräumt. Käufer, welche die Lose nicht persönlich abholen, überweisen den Betrag sofort nach Rechnungsstellung. Der Anspruch auf Aushändigung der zugeschlagenen Lose entsteht erst nach vollständiger Bezahlung. Bei Zahlungsverzug behält sich der Versteigerer vor, entweder auf Zahlung des Kaufpreises zu klagen oder vom Kaufgeschäft ohne weitere Fristansetzung unter Geltendmachung von Schadenersatz (inkl. entgangener Gewinn) zurückzutreten (Art. 107-109 OR). Bei verspäteter Zahlung von mehr als 30 Tagen nach Rechnungsstellung werden ein Zuschlag von 5% und Zinsen von 1% pro Monat berechnet.

11. Die Zustellung der zugeschlagenen Lose durch die Post oder auf anderem Wege erfolgt auf Rechnung und Gefahr des Käufers.

12. Personen, die als Stellvertreter in fremdem Namen oder als Organ einer juristischen Person bieten, haben den Nachweis der Vertretungsbefugnis (Vollmacht, Zeugnis des Handelsregisteramtes) vorzulegen; zudem sind sie persönlich haftbar, insbesondere auf die in Bezug auf die Versteigerung eingegangenen Verpflichtungen. Gebote für namentlich nicht bezeichnete oder erst später bezeichnete Personen oder für noch nicht bestehende juristische Personen werden nicht berücksichtigt.

13. Schadenersatzansprüche gegen den Versteigerer, sei es aus Verzug, Unmöglichkeit der Leistung, positiver Vertragsverletzung, Verschulden bei Vertragsbruch oder unerlaubter Handlung sind ausgeschlossen, soweit der Schaden nicht durch vorsätzliches oder grob fahrlässiges Handeln verursacht worden ist.

14. Die Auktion wird unter der Aufsicht des Stadtammannamtes Zürich 8 als mitwirkender Behörde durchgeführt. Für Handlungen des Versteigerers haften weder der Stadtammann oder dessen Vertreter noch Stadt oder Kanton Zürich.

15. Die Versteigerung und die daraus entstehenden Rechtsbeziehungen unterstehen schweizerischem Recht. Erfüllungsort und Gerichtsstand ist Zürich 1. Der Versteigerer behält sich jedoch das Recht vor, den Schuldner an seinem Wohnsitz zu belangen. Soweit in den vorliegenden Versteigerungsbedingungen keine Sonderregelungen getroffen sind, gelten die Bestimmungen der Verordnung des Obergerichtes Zürich über das Verfahren bei freiwilligen öffentlichen Versteigerungen vom 19.12.1979.

CONDITION OF SALE

1. The auction will take place publicly and voluntarily. Participation means acceptance in full of the Terms of Auction, considered as known, of Corinphila Auktionen AG (hereafter referred to as the Auctioneer) by the Purchaser (hereafter also referred to as the Bidder or Buyer).

2. All lots mentioned in the catalogue may be inspected by Bidders before or during the auction. The Bidder will be held responsible for any damage caused during the viewing. The Auctioneer has absolute discretion to deviate from the lotting order, to combine two or more lots or to withdraw any lot from the auction. The estimated prices in the catalogue are not binding. The Auctioneer is also authorized to refuse any person's attendance at the auction without giving any reason.

3. The lots are described with greatest care and to the best of the Auctioneer's knowledge. The descriptions do not, however, constitute any particular guarantee. The catalogue illustration prevails as regards the margin, centring, separation and postmark of the stamps. Claims concerning quality and authenticity of single lots must be made immediately by the Buyer being personally present. In the case of written bids for single lots, claims must be made in writing within three days after receipt of the goods. In the case of collections or mixed lots containing two or more stamps which are not described individually, no claims will be accepted regarding quality and authenticity. Complaints must also be refused if the stamps are not returned in the original condition, or if they have been altered afterwards by the Buyer, except in the case of marks made by a recognised expert who is responsible for his errors.

4. The Auctioneer is liable for the authenticity of all single lots sold for a period of 5 years. This guarantee is expressly excluded in respect of collections, accumulations or mixed lots containing more than two stamps which are not described individually - those lots are excluded from any claims. The bidding for single lots which have been certified by an expert denotes the acceptance of the certificate by the Buyer, and in this case the Auctioneer cannot be held liable. If a prospective buyer wishes to bid with an extension on any single lot, the auctioneer must receive notice in writing at least 24 hours prior to the day of the auction; this written notice must give the reason why an extension is required and whose expert opinion is to be sought; the latter must be agreed by the auctioneer. Extensions for expert opinion will normally only be considered for reasons of genuineness or classification; requests for extension for reasons of condition will be decided by the auctioneer on behalf of the vendor prior to the sale. The auctioneer reserves the right to cancel any bid with an extension (notifying the bidder of his action) if in his opinion the item is not as described within the terms of the request for extension. All extensions must be cleared within 20 days of the auction, after which time the right of return is forfeited. Extensions are not granted on mixed lots or collections. All costs and charges for expert opinions are the responsability and liability of the buyers.

5. The lots will be sold to the highest Bidder upon three calls. The Buyer shall pay a commission of 22% added to the hammer price. Bidders are bound to their bids if a subsequent higher bid is invalid or immediately refused by the Auctioneer.

6. The minimum bidding increments are as follows:

		up to CHF	200	= CHF	10
from CHF	200	up to CHF	500	= CHF	20
from CHF	500	up to CHF	1'000	= CHF	50
from CHF	1'000	up to CHF	2'000	= CHF	100
from CHF	2'000	up to CHF	5'000	= CHF	200
from CHF	5'000	up to CHF	15'000	= CHF	500
from CHF	15'000	up to CHF	30'000	= CHF	1'000
from CHF	30'000	up to CHF	50'000	= CHF	2'000
from CHF	50'000	up to CHF	150'000	= CHF	5'000
		over CHF	150'000	= CHF	10'000

Start prices, bids, hammer prices and invoices
exclusively in Swiss Francs (CHF).
Start prices in Euro (EUR) indicated in the catalogues
are only for information.

7. Written bids which are higher than the best bid of a Bidder present will be considered carefully and in the Bidder's interest but without prejudice. Written bids received later than 2 hours before the start of the auction sale session may not be processed. In the case of two or more identical bids, the first bid received will be deemed to be the succesful bid. In case of doubt, disputes or misunderstandings, the lot will be auctioned again. This decision will be made by the Cantonal authority.

8. Upon the fall of the Auctioneer's hammer, a sales contract is entered into between the Auctioneer and the Bidder. The Buyer is obliged to accept the goods. The risk passes to the Buyer with the fall of the hammer; title of ownership, however, passes to the Buyer only after full payment of the total amount due.

9. The total amount due is payable in Swiss Francs (CHF). Foreign currencies will be accepted to the extent of the amounts credited by a principal Swiss bank; any costs arising from exchange rate differences will be borne by the bidder. In addition to the hammer price including the 22% commission, the Swiss value-added tax (VAT) of 7.7% is payable. VAT is not payable by Buyers from abroad possessing a legal direct export declaration. If Buyers from abroad wish to export the lots themselves, VAT will be debited and refunded upon presentation of the legal export declaration.

10. Payment of lots is due on the day of auction unless the Auctioneer has granted terms of payment of 5 days thereafter. Bidders who do not personally pick-up their lots are obliged to transfer the amount due immediately on receipt of invoice. The handing over of lots can only be claimed after payment in full. Upon delay of payment the Auctioneer reserves the right either to sue the Buyer for payment or to cancel the sales contract without granting any further grace period and to claim for damages (including lost profits) according to article 107-109 CO. If payment is more than 30 days overdue, a surcharge of 5% and interest in the amount of 1% per month will be payable.

11. The lots sold will be forwarded by mail or by other means of transport at the Bidder's risk and expense.

12. Any Bidders acting on account and behalf of a legal person must submit proof of their representation right (power of attorney, certificate of registration). They are personally liable, especially regarding the obligations entered into during the auction. Bids made for unnamed persons or for persons named later or for not yet legally existing persons cannot be considered.

13. Claims for damages against the Auctioneer for delay, non-performance, positive infringement of contract, fault in breach of contract are not permissible unless the damage was caused deliberately or through gross negligence.

14. The auction will be held under the supervision of the Zurich 8 City Council as participating authority. Neither the Councillor nor his representative nor the City and Council of Zurich are liable for the Auctioneer's actions.

15. The auction and any subsequent legal relationship are subject to Swiss law. Place of execution and place of juristiction is Zurich 1. The Auctioneer, however, reserves the right to sue the Buyer at his place of residence. Unless any special regulations have been made in these terms of auction, the rules under the decree passed by the Zurich Court of Appeals on actions relating to voluntary public auctions dated 19.12.1979 shall apply.

MISER PAR ÉCRIT CHEZ CORINPHILA (FR)

Si vous ne pouvez participer personnellement à notre vente, faites nous parvenir vos offres écrites maximum au plus vite en remplissant le formulaire d'ordre d'achat que se trouve dans chaque catalogue. Les offres écrites nous parvenant moins de 2 heures avant le début de la vente ne peuvent plus, pour des raisons techniques, être prises en considération. En cas d'offres égales le lot sera attribué au premier ordre reçu. Les offres inférieures à nos prix de départ ne sont pas acceptées. Les offres écrites seront traitées comme si vous étiez personnellement présent dans la salle de vente. L'attribution des lots se fait au plus offrant mais aux prix le plus bas possible: si p.ex. vous misez par écrit un lot 2'200 CHF, et que la mise immédiatement inférieure (par écrit ou verbalement) est de 1'500 CHF, vous obtenez le lot pour 1'600 CHF, c'est à dire une échelon de plus que la deuxième offre dans notre échelle d'enchère (donc 600 CHF au-dessous de votre offre). Nous protégons vous intérêts exactement comme si vous étiez personnellement présent à la vente!

Nous savons par expérience que beaucoup d'offres écrites ne sont pas couronnées de succès. C'est pourquoi nous vous offrons la possibilité de donner des offres alternatives afin d'augmenter vos chances d'obtenir un lot. Si vous vous intéressez par exemple à deux ou plusieurs lots mais vous ne voulez en obtenir qu'un seul, écrivez alors simplement „OU" entre les différents numéros de lots.

En outre vous pouvez également limiter le montant total de vos achats (commission de 22% non incluse). Par exemple si vous misez plusieurs lots pour un montant total de 10'000 CHF et que vous désirez limiter vos achats à 7'500 CHF, alors les lots ne vous seront adjugés que jusqu'à ce montant, même si vos mises sur les lots suivants au cours de la vente étaient encore les plus élevées.

En donnant vos ordres par écrit, vous ne savez pas encore quels lots vous seront attribués. Grâce à la possibilité de nous donner des offres alternatives et/ou de limiter le total de vos achats, vous augmentez vos chances d'obtenir des lots par écrit, sans prendre de risques financiers supplémentaires.

Si vous souhaitez miser le plus rapidement possible, envoyez vos ordres par courrier éléctronique à info@corinphila.ch ou par téléfax au numéro +41 (0) 44 - 389 91 95.

Nos descriptions ont été faites très soigneusement. Nous acceptons dans un délai de 3 jours, après leur réception par le destinataire, des lots isolés qui présenteraient des défauts qui nous auraient échappé.

VOSTRE OFFERTE SCRITTE (IT)

Se non potete partecipare personalmente alla nostra asta, vi preghiamo di inviarci per iscritto e prima possibile le vostre offerte massime – a tale scopo dovreste utilizzare il modulo allegato a ciascun catalogo. Le offerte scritte che ci giungeranno a più di 2 ore dall'inizio della relativa asta, non potranno più essere elaborate. In caso di offerte scritte equivalenti per lo stesso lotto, sarà data precedenza alla prima offerta pervenuta. Le offerte inferiori non saranno accettate.

Terremo conto delle offerte scritte solo se in sala saranno presenti altri offerenti o se eventuali altre richieste scritte dovessero superare quelle pervenute. L'aggiudicazione in genere avviene non per l'ammontare della vostra offerta massima scritta, bensì per il minor importo possibile. Ad esempio: se per un determinato lotto avete presentato un'offerta scritta di 2'000 CHF, ma l'offerta immediatamente inferiore è pari a 1'500 CHF, vi potrete aggiudicare il lotto già con un'offerta di 1'600 CHF corrispondente alla tabella del rialzo minimo (vedi le nostre condizioni al rialzo). Rappresenteremo i vostri interessi di offerente per iscritto proprio come se foste realmente presenti in sala!

Sappiamo per esperienza che gli offerenti per iscritto si aggiudicano molto raramente tutti i lotti cui sono interessati. Sfruttate quindi la possibilità di presentare offerte alternative – in tal modo potrete aumentare le vostre possibilità di vincita. Potreste ad esempio essere interessati a due o più lotti, ma desiderate aggiudicarvene uno solo: in questo caso vi basterà inserire l'annotazione „OPPURE" fra i numeri di lotto corrispondenti. Inoltre potrete anche limitare l'importo totale per i vostri acquisti (escl. aggio del 22%): se ad esempio siete interessati a svariati lotti per un valore complessivo di 10'000 CHF e nella vostra offerta scritta limitate l'importo totale dei vostri acquisti a 7'500 CHF, vi aggiudicherete solo i lotti fino a questo importo massimo se doveste essere l'offerente maggiore per altri lotti.

Consegnando le vostre offerte scritte non potete sapere in anticipo quali lotti vi aggiudicherete – d'altro canto però (se a chiusura d'asta doveste constatare che le vostre offerte non sono state accettate) potreste anche essere interessati ad altri lotti; presentando offerte alternative e/o limitazione dell'importo totale per i vostri acquisti aumenterete le vostre possibilità di aggiudicarvi i lotti cui siete interessati in qualità di offerente per iscritto, senza che venga superato il limite da voi prefissato.

Le vostre offerte scritte ci possono pervenire rapidamente per E-MAIL: info@corinphila.ch oppure per TELEFAX allo +41-(0)44-389 91 95.
