1861, 'CANCELLED' Stamps for Rowland Hill's Nephew Ormond Hill

Ormond Hill

On 18 April 1861 Ormond Hill, the nephew of Rowland Hill, wrote to Joshua Butters Bacon the head of Perkins Bacon and Co.:
"My dear Sir, Two or three of my friends who are collectors of Postage Stamps have asked me to procure for them specimens of new or uncommon stamps whenever I have it in my power. It occurs to me that perhaps you may be able to give me a few ..."
He added on 24 April: *"... I should be glad to have six stamps of each kind ..."*
On 15 August J. Upham (for J.B. Bacon) sent the stamps to Pearson Hill with the following letter:

"Dear Sir, I beg now to send you as promised ... an envelope addressed to Ormond Hill Esq. containing 6 obliterated impressions of each of the stamps named in the list and request you will take two of each for Rowland Hill Esq. and yourself and then seal the package and forward it together with a letter which you will also find addressed to him, to Mr. Ormond Hill."

It turned out that the supply of the Crown Agents' property was given without authority.
Ormond Hill was not asked to return the „specimens", and in fact, all were treated as private property. Nevertheless, the case destroyed Perkins Bacon as future printers for the Crown Agents.

From Peter Jaffe in "Cancelled by Perkins Bacon", published for Spink & Son Ltd by James Bendon Ltd. (1998).

		Gibbons	Start price in CHF	Start price approx. €
7506	½ real bright ultramarine on greyish wove paper with slight surface blueing, fine impression, the superb unused block of 42 being the right hand half of the sheet of 84 subjects, positions 7-12, 19-24, 31-36, 43-48, 55-60, 67-72, 79-84, with the sixth stamp showing a small tear, full marginal rule vertically at right and horizontally at both top and at base, minor bends between rows and some colour loss in small patches but this is of no real significance as this multiple represents the largest recorded of the First Printing where only two other large blocks (of 12 and 18) exist. A stunning multiple of great freshness with large part or unmounted original gum. One of the great gems of all South American Philately. Unique. *Provenance: Collection Bill H. 7550	1 real green, the vertical pair, positions 5/14 with the lower stamp showing "Beal for Real" plate variety, used on the famous 1866 registered cover to Quito, the stamps tied by bold BABAHOYO datestamp in black (Aug 23) and the cover with the 64 dot lozenge surrounding the address to denote registration, two strikes of italic "Certificacion" in black centrally struck and further "Babahoyo" cds at upper right. Illustrated and recorded in H.L. Lindquist article in the Collector's Club Philatelist pages 89-94. Minor cover tear at left skillfully restored and cleaned at right well away from the adhesives, but of immense rarity for the Postal Historian - the sole recorded registered cover of the Ecuador First Issue with the 1 real green - the only other registered cover bears a pair of 1 real yellow. *Reference: Illustrated in an article by H.L. 7573	4 reales brown-red, the famous unused block of thirty six (6 x 6) from upper left corner of the sheet showing the vertical and horizontal marginal framelines, positions 1-6/14-19/27-32/40-45/52-57/66-71 on the sheet of 104 subjects; of fabulous rich deep colour, one spot, central fold and minor corner bend mentioned for accuracy only and which do not detract from the wonderful resonance of this fantastic multiple, large part or unmounted og. A world rarity and without doubt the most important philatelic item of classic Ecuador philately. Cert. Moorhouse (2016). *This multiple is believed to have been cut from the extraordinary multiples of 48, both of which were in the Ferrary collection (Broquelet & Gilbert, Paris, Sale XIII, 23-24 June 1925, lot 16). The lot was purchased by Charles J. Phillips (former owner of Stanley Gibbons) who had emigrated to the USA in 1922. One block was evidently split for resale by Phillips, however one block of 48 was sold to B. H. Homan Jnr. a stamp dealer of 'Homan, Krassa & Co.' who personally collected Ecuador and was the source for the Harry L. Lindquist Collectors Club article on Ecuador. It appears the multiple was again trimmed to its present state - the block is without doubt the largest and most spectacular of this iconic stamp.* *Reference: Illustrated in the 'Extracts from the Dr. Arthur K.M. HAITI -
THE "LIBERTY HEAD" ISSUES 1881 - 1887

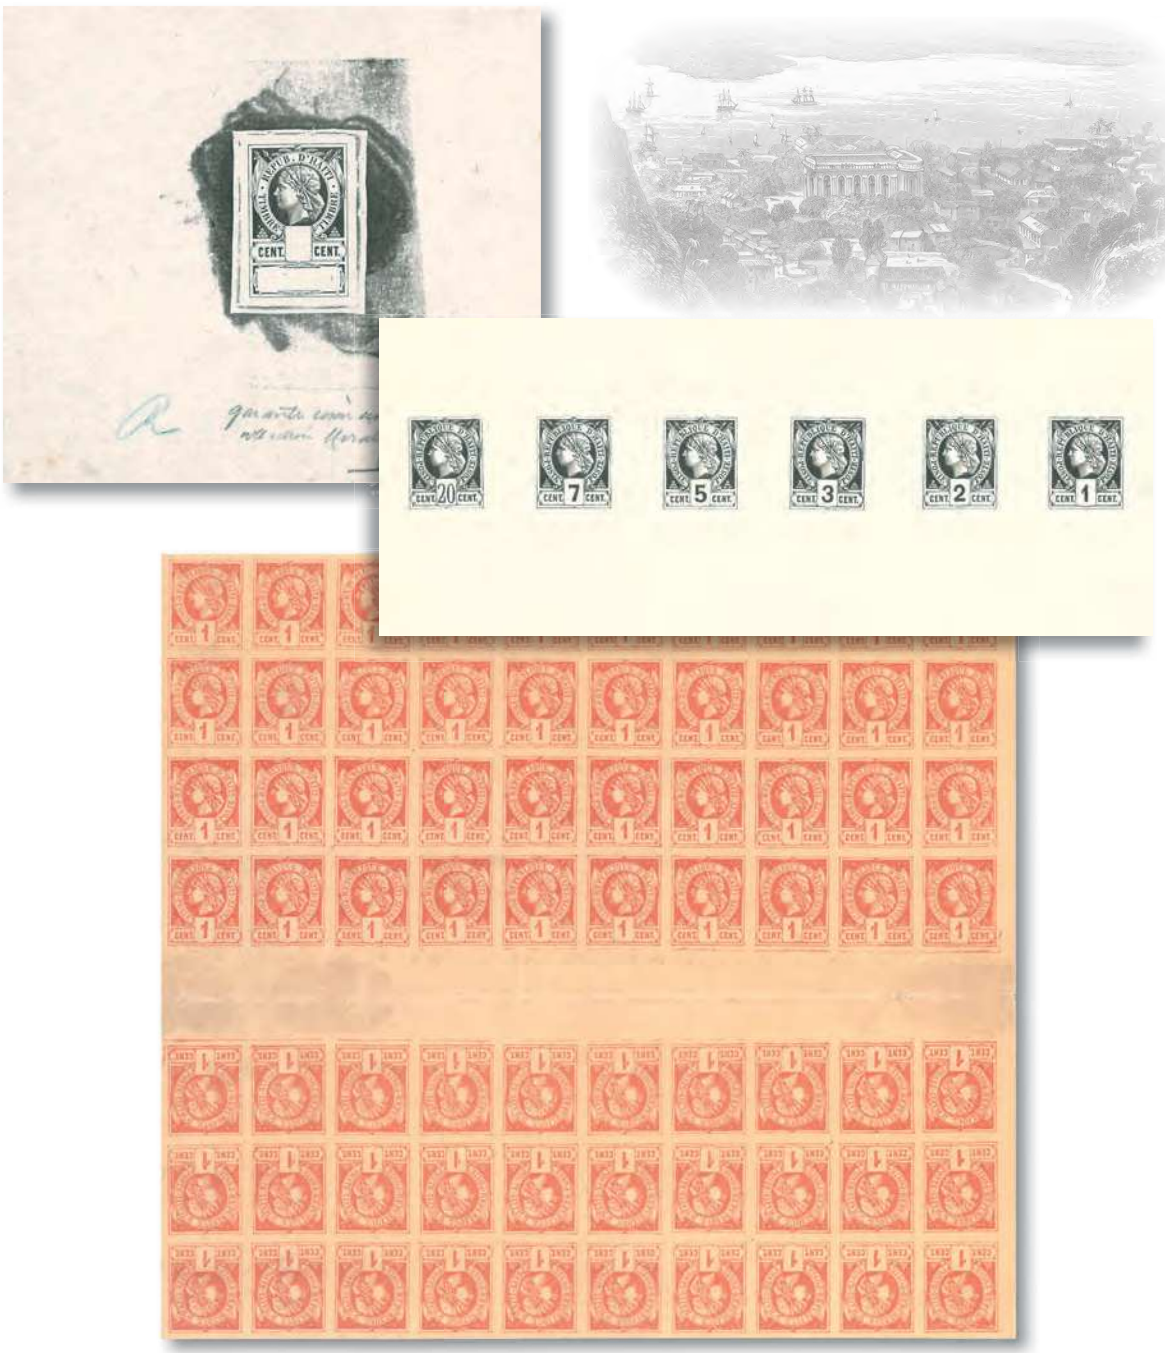

One of the most important collections of Haiti - "LIBERTY HEAD" Issues 1881 - 1887 ever formed!

Haiti both joined the U.P.U. and issued its first series of postage stamps showing the design of the 'Liberty Head' on 1st July 1881. A set of six imperforate values was issued. The Brian Moorhouse collection concerns itself with the imperforate and perforate issues. The collection is among the finest ever assembled incorporating nearly all key items from the famous collections of Thomas W. Hall, Ferrars H Tows, Dr. C.W. Hennan, Dr. Norman S. Hubbard and Enrique de Bustamante. In a display shown on 21st May 2015 to the Royal Philatelic Society, London, Brian summarised: "My own 'Liberty Head' collection started slowly in the 1990's and my first chance to expand it was the Sabattini auction. Over the next few years I was fortunate to buy the intact Carroll Lloyd collection directly from Caroll himself and I was able to obtain some interesting classic pieces from Wally Dean over a period of time. Other material came from different sources but, again, I was happy to be in the right place at the right time on the occasions when Haiti's two major pieces, the imperforate 1c. multiple with ten tete beche pairs and the registered cover with the strip of four imperforate 20c. values, were available for sale."

The collection was awarded Large Gold at AUSTRALIA 2013 in Melbourne and FINLANDIA 2017 in Tampere, Finland.

A rarity - this being acknowledged as probably the first Censor handstamp ever applied to mail in the Americas. Walter Bose in *"Signos Postales del Rio de la Plata"* states that this marking was used during between August and November 1810 in the revolutionary period on mail from Spain destined for Peru and other interior provinces that had been intercepted in Salta and returned to Buenos Aires. 1190

		Gibbons		Start price in CHF	Start price approx. €
1189	1777/99: King Rana Bahadur Shaw, cover bearing the Royal Seal of Nepal (first united by the King's grandfather), beautifully struck in bright red reading in Devanagri script *"Shreed Nathasya Nayab shree 5 Maharje Rana Bahadoor Sama Sher Jung"* and addressed in Persian, the court language of most Asian countries at this date, on obverse. Some minor imperfections as to be expected due to age but of great rarity.		✉	350	*(€355)*
1190	1872: Royal document bearing the circular red "Lal Mohur" seal handstamp reading in Devanagri "Shri Durga" (Goddess Durga, the destroyer) and "Bawani" (female) and double edged sword. The earliest document bearing this seal is dated 1794 - for a similar but earlier example see the Hellrigl sale (Corinphila sale 206, June 2016, lot 3001).		✉	150	*(€150)*

Chamberlain at Ontaree"* (Commander of the 24th regiment South Wales Borderers), addressed to Colonel C. Doyle, Head Quarters, Field Army and carried by courier or as enclosure; with contents stating *"All here is still & stupid. The Gen'l (Marley) still on tour of his outposts"*. A salient letter - the Nepalese successfully attacked three days later on January 1st and inflicted 125 casualties in the ensuing battle. *Provenance: Grosvenor, London, Nov 2005, lot 3233.*		✉	200	*(€200)*

		Gibbons	Start price in CHF	Start price approx. €
1192	1815 (March 29): Entire letter endorsed "Service" at top, addresssed to Major C. Doyle, Military Secretary at Headquarters, and countersigned at lower left from Lt. H. Dwyer, ADC of the 21st Bengal Native Infantry Regiment at Kashapore, struck with oval framed "MORADABAD / POST FREE" handstamp in black and manuscript dated (March 30). Interesting contents regarding the Campaign (Dwyer was part of Col. Jasper Nicholls' force sent to support Col. Gardner before the key fort of Almora) *"we can do nothing by joining Gardner until we get the heavy guns, of which we have not heard anything since we left HQ. but Col. N(icholls) wishes personally to inspect the road... to hasten their passage to Almora"* and continues *"we hope to induce the Kumaonas to enter the service - they are as averse to clearing their hills as the lowlanders were to enter them..."*. Almora was taken in April and the whole of Kumaon surrendered to the British. A rare entire that displays well. *Note: The Nepalese had overrun Kumaon in 1791 and taken Almora. The Kumaon area was ceded to the British as part of the Treaty of Sugauli in 1816. It is now part of the state of Uttarakhand in India.* *Provenance: Grosvenor, London, Nov 2005, lot 3234.*	✉	500	*(€ 505)*

Thubten Gyatso
the 13th Dalai Lama

1204 Dalai Lama Letter 1895/1904: 'Shirt' Letter from the 13th Dalai Lama (Thubten Gyatso) to the King of Nepal addressed "To His Excellency Highly Glorified Wang Gurkha King", folded for Exhibit display to show the Dalai Lama's square official red seal with blank surround (Dawson type 4) with the Dalai Lama's personal seal in red (Dawson type 7) below the honorific address. In the main text there are traditional greetings with the Dalai Lama referring to himself as *"Gandhen Throne Holder"* and stating that he is working hard on behalf of his Government and *"I am serving the Emperor who is our religious patron with my loyalty"* - an important reference as Tibetans viewed the Dalai Lama and Emperor as spiritual teacher and lay patron rather than subject and lord. The letter continues for the need *"to maintain cordial relations with the King and ministers of the Gurkha"* and refers to the Tibetan delegation's desire *"to make offerings to the two holy stupas and other scared places"* in Nepal. The letter requests assistance in acquiring herbs and medicines and refers to Tibetan gifts of silver ingots, brocaded cloth and tea. Whilst the letter is undated, it has to belong to the period between 1895 and 1904, when the Dalai Lama fled to Urga in advance of the Younghusband Expedition to Tibet. A rare and fascinating document of great importance. ✉ 3'000 *(€3'030)*

"Calcutta / GPO" arrival cds (Jan 24) in red below. Despite the period of use of this handstamp (1816-1836), examples are exceedingly rare. A magnificent entire - the latest recorded date of use of the first handstamp. *Note: Brian Houghton Hodgson (1801-1894) was initially the Postmaster (1824) and assistant British Resident in Nepal (1825) and British Resident from 1833-1843. Maddock (the previous British Resident to Hodgson) in Calcutta, struck on reverse with oval framed "NEPAUL / FREE" handstamp in magenta with manuscript date *"18th July 43"* inserted, with Calcutta arrival (July 26) in red below. Fascinating content *"Lord E(llenborough) wants my place for some pet soldier, of late he has shown it rather broadly so that I shall cease to cross him and go home"* - Hodgson resigned in 1843 due to Ellenborough's interference and was posted to Simla. Ellenborough's 'pet', Henry Montgomery Lawrence (1806-1857) was installed in his place (he was to die at Lucknow during the Mutiny). Just five examples of the Resident's "Nepaul / Free" handstamp are recorded, all used between April and August 1843.

Reverse with Malta despatch cds in red (May 7, 1858) and carried by steamer to Alexandria and thence overland to Suez and by ship to Bombay (May 26) in red and blurred probably Benares datestamp in blue (June 2). As with incoming letters from India of the period there is no Nepal backstamp. Docketing by William Ramsay on the reverse *"Respecting the employment of the Goorkha's in the plains of India"* (due to the Indian Mutiny of the prvious year). The envelope with back flap missing, adhesive with slight crease and envelope with closed tears not greatly detracting from the appearance of a quite extraordinary cover: the earliest stamped cover from Europe - the next known being some thirty years later. Unique.
Note: The contents of this letter are housed in the National Records of Scotland. Their website states *"Letter from the Marquis of Dalhousie at Malta to Lt. Col. George Ramsay in Nepal. Is worried about the potential consequences of using Nepalese and Sikh troops to help suppress the Mutiny. Their aid was needed and properly accepted by the Government but the Jung (Bahadur, ruler of Nepal) and the Sikhs are not doing all this for nothing. "And the troops who have seen us in need of their help and calling for it are not unlikely to conclude that they may be as formidable to us tomorrow as they are to our enemies today, and may act on this conclusion. People at home think only of the fact that they are on the British side".* The Gurkhas have, of course, fought in the British Army ever since. (66) ✉ 2'000 *(€ 2'020)*

POST OFFICE REFORM;

ITS

IMPORTANCE

AND

PRACTICABILITY.

BY ROWLAND HILL.

"The facility of frequent, punctual, and quick communication, which the institution of the Post Office was calculated to secure, may be justly classed among the elements of profitable commerce It is essential to the purposes of government, and subservient to all the ends of national policy."
Eighteenth Report of the Commissioners of Revenue Inquiry, 1820.

"The principle of the Post Office at its establishment, as is distinctly laid down in the 12th Charles II., was to afford advantage to trade and commerce. The direct revenue to be derived from the Post Office was not the primary consideration."
Report on the Post Office by Lord Lowther.

"We have sufficiently informed ourselves on this subject to be satisfied that an alteration in the present system is absolutely necessary."
Fourth Report on the Post Office, by the present Commissioners of Inquiry.

"James Moore, Edinburgh": A new and sensational "Find".

What is one of the greatest pleasures to a serious philatelist, when an important philatelic "Find" is made and surfaces for the first time on the market? This obviously is something that happens less and less in classic philately. However, this is the case for the three "James Moore, Edinburgh" covers, one of which bears an outstanding franking of three 1840 2d. Blue strips of three arranged to form a stunning block of nine.

Shortly before Christmas 2022, Karl Louis was contacted regarding large and largest frankings recorded in his Card Index of the 1840 Two Pence Blue. Attached to the email was a scan of a fascinating cover bearing an extraordinarily high 1/6d. franking consisting of not less than three strips of three of the 2d. Blue.

Karl checked his Card Index and could not find an earlier entry or provenance for this fantastic cover.

Unsurprisingly it turned out that covers with large frankings of the 1840 2d. are extremely rare. Just four Inland covers and two foreign destination covers are recorded in the Karl Louis Card Index bearing frankings larger than nine 1840 2d. Blue adhesives. As can be expected, all these large frankings, especially the four Inland frankings, show serious faults to adhesives and the covers, as they were used to carry heavy contents.

Only two of these covers bear 2d. blue stamps from Plate 1.

A first cover with a 2d. blue, plate 1 strip of 12, PA-PL plus pair OA-OB from Salisbury to Basingstoke realised, in the sale of the Chartwell collection in June 2011, £ 42'000.

The second 2d. plate 1 cover bearing a strip of 12, BA-BL on cover from Stone to George Barker in London, was offered and sold not too long ago for £ 24'000 (excluding commission).

Whilst these two covers have the 2d. blue adhesives arranged in strips, the new find of the "James Moore, Edinburgh" cover shows the three strips arranged as a highly impressive block of nine. They are in original "untouched" condition without repairs, and despite the expected minor faults, the adhesives and the cover are extraordinarily fresh.

In all, an absolutely wonderful new "Find".

Amy Potts and the forgotten "11 Victoria 2d Blue unused".

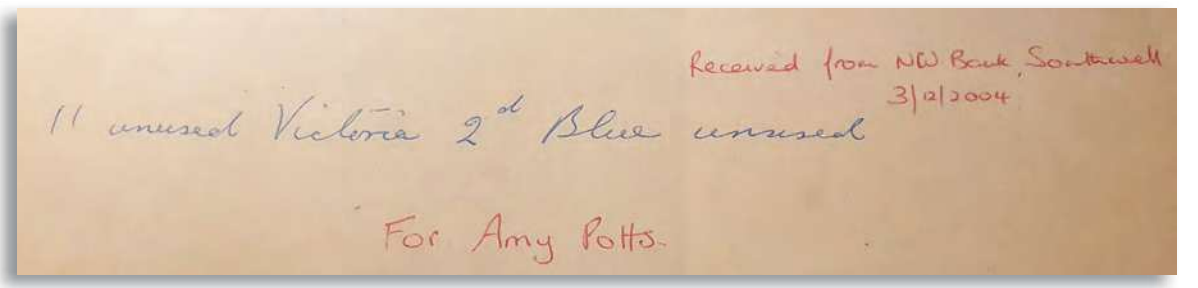

In February 2023 Karl Louis received an email from a philatelic friend. Upon reading the message, Karl was thrilled. He was asked by his friend, if there were any records or provenances for "....a mint lower strip of 11, 1841, 2d., plate 3, lettered TA-TK showing full inscription and plate number at lower left".

The answer was quite simple: ".....nothing recorded. Also no larger block from which it could have been cut....and not the slightest idea where such a strip could have come from".

Initially Karl could not believe what finally turned out to be a true philatelic sensation for classic Great Britain collectors.

The next day he received a scan of the item! To the best of Karl's friend's knowledge and due to the lack of information in Karl's Card Index, it became obvious that the strip had never been offered on the philatelic market before, nor had been part of any significant philatelic collection.

The 2d. blue strip has been in family hands for generations, stored and forgotten in a bank vault of the National Provincial Bank, one of the "Big Five" banks in Britain with a long tradition dating back to 1833. This highly important philatelic "gem" was secured in a large brown bank envelope with a manuscript notation on the front "11 Victoria 2d. Blue unused" and an additional note: "For Amy Potts".
More than half a century ago, in 1970, the National Provincial Bank became the National Westminster Bank.

The notation on the large envelope

Amy Pott's "11 Victoria 2d Blue unused" takes its place amongst the most important stamp finds over the last 70 or 80 years, with:

- I.R. OFFICIAL, 1902, Edward VII, 10 shillings mint block of 9, found in the 1940's.

-1840 1d. Black, plate 8, re-joined mint block of 18, RC/TH, plus a strip of 3, TI-TK. Both multiples have been split into singles or smaller multiples.

- "Janet Davidson" 1840 1d. Black, plate 6 block of six, AF/BH, discovered in Scotland in 1971 in an envelope inscribed "some Queen's heads given to Janet Davidson by her father the day before he took to his bed in his last illness". This block does still exist.

We are proud to offer Amy Pott's "11 Victoria 2d Blue unused", one of the most important stamp finds for many years.

Deutsche Besetzungsausgaben 1914/18 - Landespost Belgien

1970	1914/18, 1917(ca.): Brief des Schweizerischen Konsulats in Brüssel in die Schweiz ebenfalls an einen Konsul gerichtet. Der als Feldpost deklarierte Brief wurde ausserhalb des Postsystems der PTV und der Reichspost in die Schweiz beföerdert, da Verzögerungen durch die Zensur in dringlichen Fällen eine Abwicklung unmöglich machten. Im Reichsinteresse agierende Parteien hatten in Ausnahmefällen die Gelegenheit ihre Post über die Kommandantur Brüssel direkt weiterleiten zu lassen. Der klar abgeschlagene Stempel "POSTVERTEILUNGSSTELLE BRÜSSEL KOMMANDANTUR" belegt diese besondere Beförderung. Briefe dieser Art sind nur in ganz geringen Stückzahlen bekannt geworden. *(Photo = 405)*		✉	120	*(€ 120)*

„Fortschritt,"

16. Jahrgang. Zeitschrift für Handel, Gewerbe und Landwirthschaft. 16. Jahrgang.

Die deutsche Gesammtindustrie in jeder Hinsicht anzuregen, fördern und vervollkommnen zu helfen, darin besteht die Hauptstrebung und das anzustrebende Ziel dieser nun schon seit 15 Jahren bestehenden Zeitschrift. Dieselbe vertheilt daher ihre Spalten mit Besprechung national-ökonomischer Interessen, merkantilische, gewerblich-technische und land- und hauswirthschaftliche Mittheilungen nach den neuesten allgemeinen Forschungen aus dem In- und Auslande, sowie sie Anzeigen und Recensionen der neuesten Industrie-Literatur und Handelsberichte bringt. — Dieselbe erscheint monatlich viermal und wird am Schlusse des Jahres ein vollständiges alphabetisches Inhaltsverzeichniß nebst Titelblatt geliefert. — Das jährliche Abonnement beträgt bei sehr kompressem Druck und exakter Zusendung der erscheinenden einzelnen Nummern 4 Thlr. preuß. oder 6 fl. Silber d. W. oder 7 fl. rhein. — Die Expedition geschieht direkt von unserem Bureau aus oder durch Bestellungen bei sämmtlichen Postanstalten und Buchhandlungen. Letztere nehmen auch Quartals-Abonnements an.

Von den vier Jahrgängen 1861 bis 1864 besitzen wir noch eine Anzahl vollständiger Exemplare, die wir einzeln den Jahrgang zu nur 2 Thlr. preuß., zusammen für 7 Thlr., ablassen. Diese Jahrgänge, deren Inhalt einem Berathen nicht unterliegt, können recht füglich zur Ansammlung einer lese- und unterhaltungsreichen Handbibliothek dienen. — Auch von dem Jahrgang 1860 sind noch einige komplete Exemplare zu dem oben genannten Preise vorhanden und werden diese 5 Jahrgänge zusammen mit 8 Thlr. preuß. abgegeben. Die weiteren früheren Jahrgänge, sowie auch der Jahrgang 1860 sind bereits vergriffen.

2626	1844 (July 21). Entire letter from Ibraila to Constantinople, struck with clear "D.D.S.G IBRAILA / PP" in black (Tchilinghirian fig. 802) , an attractive strike from the well-known Zafiropulo correspondence, light horizontal file fold not distracting from the appealing appearance of this entire letter, in addition an elusive usage. *Note: Tchilinghirian & Stephens mention that this handstamp was probably manufactured in Constantinople for fully prepaid covers with markings existing only for the offices in Constantinople, Galatz, Ibraila and Varna, starting in August 1844 making this item a very early usage. The Lloyd Agency and Consular Office only opened in September 1845 and took over the deep water services from the DDSG which restricted its services to the Danube and the route to Odessa. This postmark can be found up to 1865, even as an obliterator on DDSG adhesives.* *Provenance: Collection Arsman, DF sale (May 2005), lot 20168.*		✉	1'500	*(€1'515)*
