ITALIAN COLONIES AND POSSESSIONS
THE 'KOOYONG' COLLECTION (PART III)

Jack Gringlas has been collecting for over 40 years and his accuracy and structure with which the collections are documented and presented is impressive to see.

Following part I in November 2024 (sale #334) and part II in June 2025 (sale #350) we will herewith offer part III of the 'KOOYONG' Collection. This sale is a "complete", all unused, single stamp collection of Italy Colonies & Possessions.

Kooyong is believed to be an Aboriginal word for camp or resting place or possibly derived from the word "guyun" meaning fighting spear. More importantly it relates the first stamp acquired to this collection by collector himself – Jack Gringlas.

Lot 5050: Great Britain 1862: 1 s. deep green, "Abnormal" plate 2 (= 3), lettered EA, wmk. Emblems, unofficially line perforated 14, unused.: The 1s. deep green sold here displays similar line perforations to that of the 1862 3 d. rose, which is believed to have been perforated in the 1890's by an official at Somerset House. Accordingly, the status of this stamp is the matter of some conjecture, though the recording of only seven examples by Galland and Louis attest to its scarcity. One example, lettered AA, is in The Royal Philatelic Collection.
